INDEX.

A

Absorption in ileus and peritonitis, 608
Acetonuria in diphtheria and acute anginas, 751
Acne, treatment of, with vaccine, 693
Acromegaly, pregnancy complicated by, 303
Adams-Stokes syndrome with complete heart-block, 716
Adrenalin and asthma, 128
content of adrenal glands, 443
Agar as a vehicle in intestinal therapeutics, 230
Albert, H., reactions induced by antityphoid vaccination, 232
Alcohol, disinfectant power of, 779
injection of Gasserian ganglion for trigeminal neuralgia, 756
Alimentary enzymes, effect of hydrogen upon, 754
Amblyopia exanopsia, 151
Amebic dysentery, 452
Amino-acids, diuretic action of, 141
Amorphous digitoxin-digalen, physiological action of, 452
Amyotrophic lateral sclerosis, 457
Anatomical cure of cystocele, 772
explanation of the relatively less resonant, higher pitched vesiculotympanitic percussion note normally found at the right pulmonary apex, 637
Anemia, defibrinated blood in, 750
pernicious, 454
Anesthesia by intratracheal insufflation, 448
Anesthetization of brachial plexus, 134
Anginas, acute, acetonuria in, 751
Anhyhrous chlorine, purification of water by, 925
Anthrax, blood in, 296
Anti-pneumococcal powers of blood in pneumonia, 604
Antitoxin in treatment of post-diphtheritic paralysis, 616
Antityphoid vaccination, reactions induced by, 232
Apical rales, 442
Appendicitis caused by parasites, 779
etiology of, 604, 772
Appendicitis, experimental production of, 445
Arteriovenous anastomosis, 137
Artificial occlusion of ureter, 920
Artificially grown tissues, production of antibodies by, 780
Ascending kidney infection, 463
Ascites, causes of, 1
tuberculous, 767
Ashhurst, A. P. C., treatment of fractures of forearm, 843
Asthma, bronchial, toxic pathogenesis of, 862
management of, in children, 836
Atophan, 453
administration of, 753
in normal and gouty subjects, action of, 610
Austin, J. H., Adams-Stokes syndrome, with complete heart-block and practically normal bundle of His, 716
Crehore micrograph in physiology, 893
hemangio-endotheliomas of liver, 102
some applications of the Crehore micrograph, 193

B

Babinski phenomenon in uremia, 128
Bacillus dysenteriæ recovered from the peripheral blood and stools of cases in Panama, 36
vaccine treatment of acne, 693
Bacterial cause of typhus exanthematicus, 778
Bacteriological examinations during gynecological operations, 920
of blood in anthrax, 296
Bacteriology of the cockroach, 444
Bartholow, P., value of nitric acid in cauterizing wounds made by rabid animals, 539
Basedow's disease, experimental production of, 760
Bates, L. B., Bacillus dysenteriæ recovered from the peripheral blood and stools of cases in Panama, 36

Beer, E., effects of ureteral obstruction on kidney function and structure, 885
Behavior of ciliary body to antibodies, 152
Bence-Jones' protein, 293
Benzine poisoning, acute, 915
Bile ducts, surgery of, 781
Bladder, formation of a new, 759
Blood in anthrax, 296
in pregnancy, changes in quantity of, 919
pressure in diphtheria, 144
transfusion of, 912
Bone lesions in infective diseases, 155
Bovine tubercle bacilli, relation of, to human infections, 751
Brachial plexus, anesthetization of, 134
Brain tumor successfully located by means of *x*-rays, 241
Breast, leukemic tumors of, 518
Bright's disease, urea in blood in, 604
Brill's symptom complex and typhus fever, 131
Bronchial asthma, toxic pathogenesis of, 862
Bronchitis, treatment of, 764
Bronzed diabetes, 46
Brown, L., a study of the blood of patients with pulmonary tuberculosis undergoing sanatorium and tuberculin treatment, 683
Bubonic plague, means of immunity in, 780
Bulkley, K., critical study of oxyuris and trichocephalus appendicitis, 793
Bunts, F. E., infantile hypertrophic stenosis of pylorus, 14

C

Cabot, R. C., causes of ascites, 1
Caffein and nitrogenous excretion, 411
Calcium deficiency in breastfed infants, 455
Cancer of ovary, 257
partly successful therapy for, 623
Cardiac asthma, heroin in, 762
disease, influence of heredity on development of, 768
Cardiogram, characteristic feature of, 603
Cardiospasm, 415
Cataract, incipient senile, 153
Cecil, R. L., critical study of oxyuris and trichocephalus appendicitis, 793
Cecum mobile, 157
Cerebral abscesses complicating suppuration of nasal sinuses, 466
Cesarean section, rupture of scar after, 459
Chemistry of the cell, 310
Chemotherapeutic experiments on animals suffering from malignant tumors, 763
Cheney, W. F., leukemia in childhood, 22
Cholecystitis, chronic, 486
Chlorosis, action of iron in, 762
iron and arsenic as remedies for, 139
Circular suture of vessels, 137
Circulatory balance in chronic interstitial nephritis, 25
Cirrhosis of liver, venous hum in, 72
hepatic, functional tests for, 830
Clark, L. P., poliomyelitis with cortical involvement, 571
Cockroach, bacteriology of, 444
Codeonal, a new hypnotic and sedative, 913
Coffen, T. H., thrombo-angiitis obliterans, 402
Cohen, S. S., quinine and urea hydrochloride in pneumonia, 40
Cole, H. N., dermatitis hiemalis, 868
Coleman, W., high calory diet in typhoid fever, 77
Colon irrigation, 455
Compression of lung in tuberculosis, 503
Corlett, W. T., dermatitis hiemalis, 868
Creatin and creatinin in animal metabolism, 451
Crehore micrograph, applications of, 193
in the clinical and experimental study of cardiovascular physiology, use of, 893
Cribriform plate of ethmoid, removal of bullet embedded in, 466
Critical study of oxyuris and trichocephalus appendicitis, 793
Cutaneous reaction in syphilis, 444
Cystocele, anatomical cure of, 772

D

Darier's disease, treatment of, 622
Darling, S. T., Bacillus dysenteriæ recovered from the peripheral blood and stools of cases in Panama, 36
Davis, E. P., thyroid disease complicating pregnancy and parturition, 815
Deaver, J. B., pancreatic lymphangitis, 473
surgery of bile ducts, 781
Decapsulation of kidneys for eclampsia, 146
Dermatoses, toxic, 621
Destruction of hemoglobin in liver, 442
Determination of individual dosage in tuberculin therapy, 908

Deviation of complement by the serum of healthy diphtheria bacillus carriers in the presence of diphtheria toxin, 130
Diabetes, bronzed, 46
Diarrhea, infective, 917
wasting and protracted, 622
Diazo-reaction in scarlet fever and serum sickness, 614
Dietetic and general management of typhoid fever in children, 348
Digestive secretions, effect of, upon the activity of digitalis and allied drugs, 141
Digipuratum, personal experiences with, 765
Digitalis, 140
in hemoptysis, 141
preparations employed in medicine, 765
Diller, T., fatal case of tetany with autopsy findings, showing hemorrhages in parathyroid glands, 696
Diphtheria, acetonuria in, 751
bacilli, medium for, 624
stain for, 906
blood pressure in, 144
of esophagus, 915
treatment of, 611
Disinfectant power of alcohol, 779
Drunkards' children among the weaklings at school, 917
Duodenal alimentation, 670
ulcer, chronic, treatment of, 906
stump in a gastro-enterostomy, treatment of, 448
treatment of, 135
ulcers, 449
Dysmenorrhea, small fibroids as cause of, 150

E

Ear and its diseases, influence of cold bathing upon, 923
Eclampsia, decapsulation of kidneys for, 146
treatment of, 458
Ectopic gestation, diagnosis of, 147
pregnancy, repeated, 147, 919
Eczema, hot air treatment of, 615
Edema, nephritic, 292
Einhorn, M., agar as a vehicle in intestinal therapeutics, 230
Elastic tissue of the pelvis of the kidney, changes in, 398
Electricity in gynecology, 306
Endometritis, 305
End-results of surgery in neurasthenia, 620
Enuresis, nocturnal, 185
Eosinophile cells and mastzellen in vesicular eruptions of skin, 622
Eosinophilous cells in the gastric contents in achylia gastrica, 129
Epilepsy in children, prognosis of, 767
Erythema nodosum and tuberculosis, 393
syphilitic, 621
Esophagus, diphtheria of, 915
substitution of, by a plastic operation on stomach, 449
Eucalyptus treatment in scarlet fever, 916
Eustis, A., toxic pathogenesis of bronchial asthma, 862
Exophthalmic goitre, 152
problems in treatment of, 810
Expired breath, organic matter in, 467
Exposing the heart for suture, 446

F

Facial nerve, partial paralysis of, 390
Farr, C. B., effect of caffein on nitrogenous excretion and partition, 411
Fatty compounds as a factor in etiology of appendicitis, 604
Femoral neck, fracture of, 138
Fetterolf, G., the anatomical explanation of the relatively less resonant, higher pitched vesiculotympanitic percussion note normally found at the right pulmonary apex, 637
value of frozen sections in the teaching of physical diagnosis, 495
Fibro-epithelial tumors of mammary gland, 138
Finger phenomenon, 131
Fistula symptom, 923
Foote, E. M., sarcoma of tongue, 198
Forearm, treatment of fractures of, 843
Foster, N. B., functional tests for hepatic cirrhosis, 830
Fotheringham, J. T., pneumonia, 625
Fractures of forearm, treatment of, 843
Frambesia, 154
Frontal sinus and nose, non-communication of, 466
Frozen sections in the teaching of physical diagnosis, value of, 495
Functional diagnosis of pancreatic disease, 313
of ovary in menstruation, 464, 465
Functional tests for hepatic cirrhosis, 830
Fungus tracheobronchitis, 753

G

Gastric or intestinal hemorrhage, 339
secretion, influence of some foodstuffs on, 752
Gastro-enterostomy, 446

Gibson, C. L., rupture of kidney in children, 649
Goitre, 911
Gonococci in male urethra, 107
Goodridge, M., erythema nodosum and tuberculosis, 393
Gout, atophan in, 610
diagnosis of, 453
treatment of, with radium emanations, 298
Gynecology, electricity in, 306

H

Hall, J. N., tuberculosis among physicians, 75
Hammond, L. J., brain tumor successfully located by means of *x*-rays, 241
Hanes, F. M., leukemic tumors of breast mistaken for lymphosarcoma, 518
Hartwell, J. A., high intestinal obstruction, 357
Haythorn, S. R., cancer of ovary, 257
Hearing power, examination of, 308
Heart disease, use of Karell diet in, 761
in children, acute inflammation of, 615
method of exposing, 446
remedies, action of, 140
sounds, recording of, 193
Heflebower, R. C., prognostic value of urochromogen and diazo reactions in pulmonary tuberculosis, 221
Hemangio-endotheliomas of liver, 102
Hemiplegia, organic, 131
typhoidal, 677
Hemoglobin determinations, technique of, 751
in liver, 442
passage of, through kidneys, 907
Hemolysis by streptococci in vaginal secretion of pregnant and parturient patients, 462
Hemolytic jaundice, effects of splenectomy on, 129
Hemoptysis, digitalis in treatment of, 141
Hemorrhage in newborn, pathogenesis of, 769
retinal, 153
serum treatment of, 914
Hemorrhages in parathyroid glands, 696
Hepatic cirrhosis, functional tests for, 830
Heroin in cardiac asthma, 762
Hexamethylenamin in bronchitis, 764
Heyd, C. G., thrombo-angiitis obliterans, 402
Henry, J. N., loud venous hum heard over the xiphoid cartilage in cirrhosis of liver, 72
Hip, double congenital dislocation of, 302
Hoguet, J. P., high intestinal obstruction, 357
Hot air treatment of infantile eczema, 615
Human infection with tænia cucumerina, 908
Hunt, J. R., lumbar type of intermittent claudication, 173
Hunter, J. W., Röntgen rays in hypertrophied prostate, 247
Hydronephrosis, 398
Hygiene of swimming pool, 775
Hypodermics of citrate of iron in secondary anemia of tuberculosis, 142

I

Idiopathic ciliary neuralgia, 151
Ileus and peritonitis, absorption in, 608
Immunity in bubonic plague, 780
of spirochetes to arsenic, 127
Incoagulable nitrogen of blood in nephritis and uremia, 750
of puncture fluids, 292
Infantile hypertrophic stenosis of pylorus, 14
Infection of iliopsoas muscle from appendicitis, 758
Infective diarrhea, purpura in, 917
diseases, bone lesions in, 155
Inflammation of heart in children, 615
Inflammatory and arteriosclerotic kidney disease, 623
Influence of cold bathing and swimming upon the ear and its diseases, 923
of sterile environment, inspired air, and food on the digestion and metabolism of animals, 775
Influenza in infants, clinical and bacteriological observations on, 456
Inhalation of oxygen in thoracic surgery, 447
Injection of serum or defibrinated blood for hemorrhage or anemia, 913
Intermittent claudication, 173
Internal secretion, co-incident abnormality of numerous organs of, 156
Interstitial nephritis, chronic, 25
Intestinal amebiasis, treatment of, 610
obstruction, 357
stasis, chronic, 757
therapeutics, 230
Intestine, resections of small, 296
Intoxication by atropine, 152
Intracranial path to hypophysis cerebri through anterior cranial fossa, 909
Intramuscular injections of defibrinated blood in anemia, 750
Intraspinal injections of antitoxin in treatment of diphtheria, 611

Intratracheal insufflation, 448
Involvement of pancreas in diabetes, 46
Iodine, therapeutic use of, 454
Iron in chlorosis, action of, 762

J

Jacobson, N., gastric or intestinal hemorrhage as an early manifestation of a general toxemia, 339
Jejunostomy, 469
John, R. L., treatment of fractures of forearm, 843
